

Trolley for  
environmental  
waste-disposal

Articel no: 700210

Indeco's trolley for easy handling of environmental waste-disposal. The trolley has marked drawers and it is equipped with overturn protections for a safer empty.

The trolley has four wheels with ball bearing; the two in the front have brakes.

The unit is easy to place under wall mounted benches or standing benches.

The drawers are marked with following contents: Paper, inflammable, hard plastic, soft plastic, batteries, metal, electronics and spray bottles.
