Golf bag cabinet

BAGBOX BB

Storage Cabinets for Golf Equipment

Blika's spacious golf bag cabinets are designed for safe and practical storage of golf equipment when not in use. The cabinets are fully welded for extra durability and can be locked – standard with a handle for pad-lock.

To prevent moisture buildup, the cabinets feature ventilation holes in both the doors and back panel, ensuring good airflow. Inside, there is a hanging hook for equipment, and a strong door stop protects the door from being twisted off.

The cabinets can be used individually or combined into a complete solution that meets the golf club's total storage needs.

Benefits and Options

- Available in various sizes
- Stackable
- Made of powder-coated steel
- Multiple locking options
- Customizable to your needs

Contact Blika for more information and customization options.
