

BlikaWorkshop

Mobile workstation

VV-XL

The heavy-duty VV-XL mobile workstation is designed for professional users who demand outstanding **functionality, stability and storage capacities** in their daily work.

Its robust construction is built to withstand intensive use in demanding workshop and industrial environments.

The mobile workstation is fitted with a strong **multiplex worktop**, providing a durable and stable workstation for assembly, repair and service tasks. It features **6 spacious drawers** in three different heights, all fitted with **100% full-extension** steel ball-bearing slides, ensuring easy access and effective organization of tools and equipment.

The mobile workstation is equipped with 2 fixed and 2 swivel castors with brakes, ensuring excellent mobility while maintaining stability, even when the workstation is fully loaded. An **integrated central locking system** for all drawers ensures secure storage and protects the contents when the workstation is not in use.

Load capacity VV-XL mobile workstation:

- 65 kg per drawer
- Maximum load capacity (evenly distributed) 500 kg

Inside measurement drawers in mm:

- 3 drawers of H:50 W:990 D:450
- 2 drawers of H:115 W:990 D:450
- 1 drawer of H:180 W:990 D:450
